## MONTANA TRACK CLAWS, Incorporated

**NEW  
PRE-SEASON  
INVENTORY  
Get Them While  
They Last!**

**Hundreds of  
Satisfied  
Customers  
Coast to Coast**

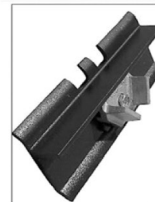

Track Claws are reusable, quick  
connect traction devices that  
require no welding or cutting.

Their unique "V" design provides penetrating traction while minimizing side  
slippage for improved safety.

Track Claws can be installed in minutes using only a ratchet and socket. No  
pad bolts are used in the installation - they bolt through the clean out hole using  
a special bottom plate (included) and a zinc plated grade 8 bolt.

Durable and reusable, Track Claws are made of higher grade material than  
track pads. Then they are heat treated  
creating a durable product that can be  
reused many times.

Track Claws are available for all popular  
styles of track pads including single,  
double and triple grouser bar styles. For  
pads without cleanout holes, a template  
will be provided.

### Pulpwood Chip Plant Operator Needed

Connecticut Mulch Distributors, Inc. is currently looking for an experienced operator to work with tree-length wood products at our chip plant. Located in Enfield, CT, sits an automated chipping facility that produces multiple loads of wood chips daily. This facility is entering it's ninth year of operation and we are looking for a "woods guy" that is looking to make a career working at our chip plant. Connecticut Mulch is a family run business that offers competitive pay, sick/vacation time, health insurance & a matching 401K plan.

#### Duties:

- Maintain a safe and amicable work environment
- Operate a John Deere wood grapple payloader to feed the mill
  - Operate Hood Log Loaders to load and unload trailers
- Load out chip trailers w/ both chips and bark using a Komatsu payloader
- Learn the daily maintenance of the chip plant and debarker system
- Operate a mobile chipping unit and maintain this piece of equipment
  - Maintain a well-organized wood yard and chipping facility
