Spotlight on Education: Wisconsin

In July of 2026, the Wood Technology Center of Excellence at Northcentral Technical College (NTC) in Antigo, Wisconsin, hosted its annual Hardwood Lumber Grading Short Course. The course was sponsored by the Lake States Lumber Association (LSLA) along with the Wisconsin Department of Natural Resources with support from a USDA Forest Service Grant.

Workshops took place over three days from July 27 to July 29. This class was open to all interested participants but was targeted to beginners and therefore ideal for sawyers, edgers, trimmers, grading trainees, salespeople, managers, and supervisors.

Participants learned about all aspects of hardwood lumber grading, including the language of grading, how the wood is cut, wood characteristics vs. defects, manufacturing standards, NHLA standard grades, and kiln drying. Students were also able to practice hands-on lumber grading.

To learn more about forest industry training opportunities available at NTC in Wisconsin and upcoming classes visit: www.ntc.edu/about/locations-facilities/wood-technology-center-excellence

CATCH UP ON THE NORTHERN LOGGER PODCAST

Podcasts are a great way to catch up on news and stay entertained during your commute or while working. Our archive of episodes includes tips on forest business management, interviews with successful north woods loggers, chats about invasive species management, and more. Listen to *The Northern Logger* podcast on iTunes, Spotify, Google or Apple Podcasts, or on our website, www.northernloggerpodcast.com. And let us know what you think – we're always looking to hear from readers and listeners for ways to improve our podcast and bring you the news and entertainment you want!

FOLLOW THE NORTHERN LOGGER?

Find us on Facebook and Instagram. We'll keep you up to date on the latest industry news, as well as post exclusive photos, videos, and analysis of the industry in the Northeast and Lake States regions.

BOOKS FILLED WITH INFORMATION YOU WON'T FIND ANYWHERE ELSE!

FOR ADDITIONAL BOOKS AND INFORMATION OR TO ORDER ONLINE:

LOG RULES & OTHER USEFUL INFORMATION This wildly popular booklet contains log scaling information, the three major log rules, weight conversions, metric conversions and much more!

FOREST ENTERPRISES OF THE ADIRONDACKS SECOND EDITION Learn what loggers do in their day-to-day work and names of different equipment used. See photos of creative problem solving in action and how small businesses specialize in different niches.

CONTINUOUS IMPROVEMENT IN LOGGING This pocket-sized book describes the widely used continuous improvement theory and process, and how it relates to logging by simplifying complicated processes, and demonstrates how incremental progress is made by overcoming bottlenecks.

NORTHERN TREE, TIMBER AND WOODY BIOMASS VOLUME TABLES (companion volume to *Timber Measurements*) Consists of tree volume, volume-basal area ratio and volume-per-acre tables. A valuable reference for foresters and nonforesters alike.

SAWMILLER'S GUIDE TO TROUBLESHOOTING This spiral bound reference guide is easily understood and used by all sawmilling operations – large and small. Contains nearly 200 pages of maintenance information, tips and techniques not found in any other book.

HOW TO IMPROVE LOGGING PROFITS Packed with tips, techniques, and proven management strategies for modern logging operations, including preparing a business plan, marketing, keeping records, know and analyze costs and a whole lot more! 2024 edition.

POCKET HARDWOOD LOG REFERENCE BOOK This small soft covered reference book contains numerous tables for an easy in-the-field-guide.
